

# OUT-OF-STATE EMERGENCY CONTACTS

Dear Parents,

As part of emergency preparations being carried out by the Earthquake Committee, we need you to provide 2 out-of-state contact telephone numbers. The reason for this is that, in the event of a major earthquake in the Bay Area, it is possible that local (and maybe even in-state) phone communication will be impossible. However, out-of-state calls, especially when made from pay phones (pay phone lines are underground and are not as vulnerable) may still be possible.

In the event that you cannot contact the school or the school cannot contact you in the hours or days after an earthquake, this information will be critical.

If you can't think of anyone who serve as an out-of-state contact, please provide contact information for someone in another area of California.

Thank you.
